Subject: Proposal for Publication of CVCNCE 2025 Proceedings

Dear CRC Press Team,

I hope this message finds you well.

I am pleased to share that I am serving as a Programme Committee Member for the First International Conference on Computer Vision, Communication Systems, and Computational Intelligence (CVCNCE 2025), scheduled to take place at Francis Xavier Engineering College, Tirunelveli, Tamil Nadu, on May 8–9, 2025.

CVCNCE 2025 aims to unite global researchers, practitioners, and industry experts to discuss cutting-edge advancements in the domains of Computer Vision, Communication Systems, and Computational Intelligence. The conference will host keynote speeches by distinguished professionals, technical paper presentations, and vibrant networking opportunities for attendees.

Given the high caliber of anticipated submissions, we are actively seeking a reputable publication avenue for the conference proceedings. I would like to propose CRC Press as the publisher for these proceedings, particularly under the “Conference Proceedings Series on Intelligent Systems for Engineering Designs.”

We believe CRC Press’s global presence and academic credibility align perfectly with the goals of our conference, ensuring maximum reach and impact for these contributions.

Should you require any further details or documentation to evaluate this proposal, please do not hesitate to contact me.

We look forward to the possibility of collaborating with CRC Press to publish the CVCNCE 2025 proceedings.

Thank you for your time and consideration.

Warm regards,
Prof. (Dr.) Shobhit K. Patel

Professor | Department of Computer Engineering-AI
